Fig. 13

Legend: CG - CareGiver; CR - Care Recipient;

Screen Name: NS - 1.1 Test Camera (resides on Nurse Station)

Step by Step Instructions

1. Adjust camera hardware
2. Preview video Adjust Volume, Contrast and Brightness
3. Preview Video
4. Save Setting

Test Camera

Fig. 14

01:30:00 Count Down 5 4 3 2 1.

[PREVIEW]

[RECORD]

Microphone Level
A small digital meter showing a low signal level, indicated by a low vertical bar.

[Volume ↑ ↓] [Contrast ↑ ↓] [Brightness ↑ ↓]

[SAVE SETTING] [EXIT] [RESET]

Overview:

1. The purpose of this screen is to allow the Nurse to be able to view themselves and adjust the hardware and controls (Volume, Contrast and Brightness, only)
2. Test Camera Screen resides on the Nurse Station along with the Camera software.
3. The video is recorded as Mirror Image.
4. The camera is always on, see viewing the image starts immediately when first entering the screen.
5. [RECORD] does a count down from 5, before it starts recording
6. [PREVIEW] previews the last test recorded video.
7. Control settings show the current and recommended range of volume, contrast and brightness.
8. Above the Volume controls is a microphone recording feedback bar, which indicates the microphone recording level.
9. Note: The technical video settings that impact processing, quality, performance, compression and sending the video is to be accessed by a separate System Administrator screen only.

Screen Name: NS-1.2 Select CareGiver and Care Recipient (resides on web server)

Vace, Kenneth	<input type="checkbox"/>		
Young, Lee	<input type="checkbox"/>		

[Continue] [EXIT]

Overview:

1. Purpose of screen is to select who we are making the presentation for: CareGiver / Care Recipient
2. All of the CareGivers previously assigned to a nurse will be displayed in the CareGiver List. Default to highlighting the first CareGiver in the list.
3. When a CareGiver is highlighted, all of the Care Recipients associated with the CareGiver will be displayed in the Care Recipient window.
 - default highlighting the first Care Recipient listed.
4. This screen is based on the web-server, and accessed by the nurse through the Nurse Base Station. This interface is has seamless as possible to the nurse.
5. After selecting the CG, CR and the[Continue] button is pressed, the selected information required to complete the Presentation is returned to the Nurse Station, to complete the video.
6. EXIT exits the screen and returns to the NS Main Screen.

Fig. 15

<input type="checkbox"/>	<input type="checkbox"/>	Report Template2	<input type="checkbox"/>																		
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Report Template3	<input type="checkbox"/>																		
Alerts																					

Overview:

1. Purpose of screen is to select the reports to be included in the presentation. In addition, clinical notes, that remain confidential to the clinician may be entered for each report
2. "1.3 Select Report for Presentation screen" resides on the web server and the information needed to create the video is sent back to the Nurse Station.
3. Select Reports Windows:: For a given CareGiver/ Care Recipient a list of the CR custom report templates (made previously). Default to highlighting the first report in the list.
4. [View Prior Presentation] clears the current report selections and shows the reports and notes loaded for the prior presentation.
5. View Reports Window: When a report is highlighted displays the report/graph in the viewing window.
6. Clinical Notes Window: Display the associated clinical notes for the selected report. These notes are only viewed by the nurse and are specific for the presentation/report only.
7. Presentation Summary Window: Every presentation has a "Presentation Summary" report which the nurse prepares in outline format with bullet points.
8. This Summary is saved as a report to be viewed in the presentation. This Summary Window allows the creation and editing of the summary
9. [RESET] resets the screen.
10. [EXIT] exits the screen and returns to the Main NS Screen. Warn the user that exiting will loose all presentation prep work.
11. [Back] returns to the prior screen.

Screen Name: NS - 2.1 Make Video (resides on Nurse Station)

CareGiver: Eric Brown Care Recipient: Mary Smith	Presentation Date: mm/dd/yyyy Nurse: Ms. Kathy Kindess								
<i>Clinical Notes for Selected Report (not included in presentation): Patient periodically is outside the recommended range.</i>	02:31:00 Count Down 5 4 3 2 1 								
<p>Presentation Reports. Select the report for the presentation:</p> <table border="1"><tr><td>Order</td><td>Presentation Summary</td></tr><tr><td>[1]</td><td><input checked="" type="checkbox"/> Report [1]</td></tr><tr><td>[3]</td><td><input type="checkbox"/> Report Weight/Temp</td></tr><tr><td>[2]</td><td><input type="checkbox"/> Report Blood Pressure</td></tr></table>		Order	Presentation Summary	[1]	<input checked="" type="checkbox"/> Report [1]	[3]	<input type="checkbox"/> Report Weight/Temp	[2]	<input type="checkbox"/> Report Blood Pressure
Order	Presentation Summary								
[1]	<input checked="" type="checkbox"/> Report [1]								
[3]	<input type="checkbox"/> Report Weight/Temp								
[2]	<input type="checkbox"/> Report Blood Pressure								
<p>[REC] [PAUSE] [STOP] [RESET] [PREVIEW]</p> <p>[<< BACK] [NEXT>>] [EXIT]</p>									

Overview:

1. Purpose of the screen is to make the video with the viewing of the reports
2. The video is recorded as Mirror Image.
3. [RECORD] does a count down from 5, before it starts recording
4. [PREVIEW] previews the last test recorded video. When first entering the screen, the [PREVIEW] is grayed-out and not accessible until a video has recorded.
5. The Presentation Summary Report and the previously selected presentation reports (from the prior screen) are displayed in the bottom right window as Thumb Nails. The ordering numbering of the reports remain blank. The ordering numbering indicates the order the reports were selected for presentation viewing. The system updates the ordering numbering after each report selection. When the Thump Nail Report is selected the corresponding clinical notes and report are viewed by the nurse in the appropriate window. Note the Presentation Summary does not have any clinical notes associated with it.
6. The timing of the Thump nail selection indicates when each report is to be displayed during the video viewing. Example:
Step 1: Select Presentation Summary and report displayed in bottom left window. System places "1" as the order number.

Fig. 17

Screen Name: NS - 3.1 Review Video and Flip Charts (resides on Nurse Station)

Overview:

1. Purpose of the screen is view the presentation exactly as the CareGiver will view the presentation and submit the final presentation to be sent to the CareGiver.
2. [REPLAY] plays the presentation exactly how the presentation is to be viewed.
3. [Deliver to Eric Brown] delivers the presentation to the selected CareGiver through the web-server. Also, an alert is generated indicating a presentation has been sent and needs to be viewed. Lastly, an email is sent to CareGiver that a video has been prepared and needs to be reviewed.
4. REDO returns the Nurse back to the NS-2.1 Make Video screen to redo the video.
5. EXIT exits the screen. Warn the user that exiting will loose all presentation prep work.
